

MARTIN ULISSE IMPORTS IS PRESENTS GREAT WINES FOR SUMMER!

LIQUID TOWN #8 (4141 S. Alameda)
Friday April 24, 4 pm – 7 pm

Resta Martina 2006

Martina is a white blend of 60% Verdeca / 40% Alessano White. It has an intense floral aroma reminiscent of Sauvignon Blanc with fresh flavors of wildflower and banana in a soft and harmonic body. Soft acidic accents make it very refreshing.

Grapes of Galilee Chardonnay 2007

The grapes are grown along the Sea of Galilee, where the superior soils mixed with the cool summer days and hot dry nights to create a fruity, ready to drink masterpiece. Unoaked, well-balanced, and lively, this wine stays clean and flavorful from start to finish.

Veleta Tempranillo Nuevo 2007

A bright purple wine with a fruit-forward palate and an aroma that blends blueberry, strawberry and flowers to entice the nose. Light and untamed, this wine has a fresh and citric palate with a smooth mulberry finish.

Resta "Gelso Moro" Negroamaro 2004

The Gelso Moro is made from 100% Negroamaro grapes and has an intense bouquet with hints of plum, cherry and red fruit. The easy palate piles layers of cherries over darker notes of blackberries and a touch of charred vanilla bean. Aged 4 months in oak, this wine is full and vivid, with a lasting finish persistent with pleasing flavors of plum and blueberry jam.
